SUBJECT INDEX*

A

Abuse, use and, of psychosomatic concept (Meyer), 298
Activities of daily living, new classification of functional status of: multidisiplinary studies of illness in aged persons (Staff of the Benjamin Rose Hospital), 55
Addiction, durg, management and treatment (Chapman), 315
Adjustment to disability: observations on patients with multiple sclerosis (Chodoff), 653
Age, advancing, effect upon human spinal cord (B. rev.), 695
Aged, depression, brain damage, and chronic illness of: psychiatric diagnosis and treatment (Goldfarb), 220
persons, illness in, multidisciplinary studies of: II. New classification of functional status in activities of daily living (Staff of the Benjamin Rose Hospital), 55
Aldosterone and ADH in volume regulation and edema formation in congestive heart failure (Wolff), 566
Ambulatory schizophrenia (Hollender), 249
Amino acids and peptides with antimetabolic activity (B. rev.), 697
Amphetamines: their actions and uses (B. rev.), 695
Amphotericin B in treatment of systemic fungus infections, current status of (Newcomer et al.), 353
Announcements, 84, 184, 699
Anoxia, relief of, in pulmonary edema (Aviado and Schmidt), 495
Anxiety and anxiety states (Kolb), 199
Aphasia, understanding (B. rev.), 414
Aphrodisiacs: from legend to prescription (B. rev.), 411
Autonomous nervous system in genesis of pulmonary hypertension in heart disease, role of (Halmagyi), 525

B

Bacteremia in rheumatic fever, studies on occurrence of (Marienfeld et al.), 334
Baltimore City Chronic Disease Hospital, survey of 230 medical patients in (Carroll and McKay), 671
Behaviour, neurological basis of (B. rev.), 693
Belladonna alkaloid—phenobarbital mixture in drug therapy of the unstable bowel (Lichstein and Mayer), 394
Beriberi, heart in (Keefer), 585
Beryllium disease (Hardy and Stoeckle), 152
Book reviews:
Amino acids and peptides with antimetabolic activity (Wolstenholme and O'Connor), 697
Book Reviews—Cont'd
Amphetamines: their actions and uses (Leake), 695
Aphrodisiacs: from legend to prescription (Walton), 411
Centaur. Essays on history of medical ideas (Martí-Ibáñez), 414
Chemotherapy and the central nervous system (McIlwain), 80
Chloromycetin (chloramphenicol), (Woodward and Wisseman), 697
Clinical epidemiology (Paul), 694
Creative use of sheltered workshops in rehabilitation, 410
Effect of advancing age upon human spinal cord (Morrison), 695
Electrocardiography (Bermreiter), 81
Epilepsy (Sakel), 693
Experimental pharmacodynamics (Koppanyi and Karczmar), 696
Family handbook of home nursing and medical care (Rossman and Schwartz), 412
Fun for the not-so-young (Hedges), 415
Haematology, 698
History of nutrition (McCollum), 412
Lipoidoses; diseases of intracellular lipid metabolism (Thannhauser), 697
Men, molds, and history (Martí-Ibáñez), 413
Myasthenia gravis (Osserman), 411
Neurological basis of behaviour (Wolstenholme and O'Connor), 693
Pathophysiology in surgery (Hardy), 694
Principles and practice of medicine (Davidson), 415
Psychopharmacology (Pennes), 81
Readings in medical care, 411
Recent advances in cerebral palsy (Illingworth), 696
Rehabilitation medicine (Rush), 80
Schizophrenia (Sakel), 694
Tuberculosis: prevention and control (Hetherington and Eshleman), 416
Understanding aphasia (Taylor), 414
Water and electrolyte metabolism in relation to age and sex (Wolstenholme and O'Connor), 410
Bowel, unstable (irritable colon), drug therapy of (Lichstein and Mayer), 394
Brain damage, depression, and chronic illness of the aged: psychiatric diagnosis and treatment, 220

C

Cancer, 385
Cardiac failure, systemic venous system in (Guyton), 465
output and regional circulatory considerations (Donald), 489
Cardiotonics and diuretics in human heart failure (McMichael), 602

*January, pp. 1-84; February, pp. 85-184; March, pp. 185-326; April, pp. 327-416; May, pp. 417-616; June, pp. 617-710.

VOL. 9 1959

Cardiovascular, 636
Centaur. Essays on history of medical ideas (B. rev.), 414
Central nervous system, chemotherapy and (B. rev.), 80
Cerebral insufficiency, delirium a syndrome of (Engel and Romano), 260
palsy, recent advances in (B. rev.), 696
Challenge of the partial cure (Kubie), 292
Chemotherapy and the central nervous system (B. rev.), 80
Children, congestive heart failure in (Blumenthal and Andersen), 590
Chloromycetin (chloramphenicol), (B. rev.), 697
Chronic congestive heart failure, hemodynamics in (Donald), 476
sodium and water retention in (Strauss and Papper), 536
disease, survey of 230 medical patients with, in Baltimore City Hospital (Carroll and McKay), 671
effects of ionizing radiation: industrial experience (Tabershaw), 134
illness, depression, and brain damage of the aged: psychiatric diagnosis and treatment (Goldfarb), 220
lead and mercury poisoning: contemporary views on ancient occupational disease (Brieger and Rieders), 177
Chronically ill are employable (Doyle and Murray), 89
Circulating blood volume, reduction in, in pulmonary edema (Aviado and Schmidt), 498
Clinical epidemiology (B. rev.), 694
Colon, irritable, drug therapy of (Lichstein and Mayer), 394
Congested lung (Turins and Fishman), 510
Congestive heart failure, in children (Blumenthal and Andersen), 590
chronic, hemodynamics in (Donald), 476
sodium and water retention in (Strauss and Papper), 536
endocrine factors (Wolff), 554
myocardial metabolism in (Olson), 442
pathology of (Kuschner and Lobdell), 424
role of kidney in homeostatic adjustments of (Barger et al.), 571
symposium, 417-616
introduction (Fishman), 417
Coronary heart disease, international, statistical associations between death rates in, and certain environmental factors (Jolliffe and Archer), 636
Cure, partial, challenge of (Kubie), 292

D

Deafness, industrial noise and (Fox and Glorig), 143
Death rates in international coronary heart disease, statistical associations of certain environmental factors and (Jolliffe and Archer), 636
Delirium, a syndrome of cerebral insufficiency (Engel and Romano), 260
Depression, brain damage, and chronic illness of the aged: psychiatric diagnosis and treatment (Goldfarb), 220
Depressive illnesses: their diagnosis and treatment (Gottlieb and Tourney), 234
Dietary factors and death rates in international coronary heart disease, statistical associations between (Jolliffe and Archer), 636
Dimensions of being "modern" in medical practice (Menzel et al.), 20
Disability, adjustment to: observations on patients with multiple sclerosis (Chodoff), 653
Diseases, infections, 353
Disorders, mental, prevention of (Gruenberg), 187
psychiatric, symposium, 185-326
use of modern pharmacologic agents in (Malitz), 278
Diuretics, cardiotonics and, in human heart failure (McMichael), 602
Drug addiction, management and treatment (Chapman), 315
new, social processes in physicians' adoption of (Coleman et al.), 1
therapy of the unstable bowel (irritable colon) (Lichstein and Mayer), 394

E

Eating and sleeping patterns of fifty patients with long-term illnesses, some changes in (Goodrich and Schwartz), 63
Economic poisons in relation to man's health (Gosselin), 161
Edema, pulmonary, physiologic bases for treatment of (Aviado and Schmidt), 495
Editorials:
Placebo effect, social milieu, and evaluation of psychiatric therapies (Greenblatt and Levinson), 327
Tracemetals (Vallee), 74
Urban reservoirs of tuberculosis (Baumgartner), 688
Electrocardiography (B. rev.), 81
Electron microscopy of cardiac muscle (Kuschner and Lobdell), 431
Emotional disorders, a problem in occupational medicine (Udel), 170
Employability of chronically ill (Doyle and Murray), 89
Endocrine factors in congestive heart failure (Wolff), 554
Epidemiology, clinical (B. rev.), 694
Epilepsy (B. rev.), 693
Examinations, health, periodic, values and limitations of (Roberts), 95
Experimental pharmacodynamics (B. rev.), 696

F

Family handbook of home nursing and medical care (B. rev.), 412
Fun for the not-so-young (B. rev.), 415
Fungus infections, systemic, current status of amphotericin B in treatment of (Newcomer et al.), 353

G

General practice, psychoneuroses and their management in (Aldrich), 212

H

Haematology (B. rev.), 698
Health examinations, periodic, values and limitations of (Roberts), 95
man's, economic poisons in relation to (Gosselin), 161
Hearing loss, industrial noise and (Fox and Glorig), 143
Heart disease, pulmonary hypertension in, role of autonomous nervous system in genesis of (Halmagyi), 525
failure, congestive (*see also* Congestive heart failure)
symposium, 417-616
human, cardiotonics and diuretics in (McMichael), 602
in malnutrition and in potassium deficiency (Keefer), 583
Hemodynamics in chronic congestive heart failure (Donald), 476
Histochemistry of cardiac muscle (Kuschner and Lobdell), 435
Historical sketch of occupational medicine (Goldwater), 85
Home care, prehospitalization, hospital-based (Feigenbaum and Kutner), 405
Homeostatic adjustments of congestive heart failure, role of kidney in (Barger et al.), 571
Hospital-based prehospitalization home care (Feigenbaum and Kutner), 405
Hypertension, pulmonary, in heart disease, role of autonomous nervous system in genesis of (Halmagyi), 525
Hypoproteinemia, heart in (Keefer), 585

I

Illness in aged persons, multidisciplinary studies of: II. New classification of functional status in activities of daily living (Staff of the Benjamin Rose Hospital), 55
chronic, depression, and brain damage of the aged: psychiatric diagnosis and treatment (Goldfarb), 220
Illnesses, depressive: their diagnosis and treatment (Gottlieb and Tourney), 234
long-term, some changes in sleeping and eating patterns of fifty patients with (Goodrich and Schwartz), 63
Incubation period in malignant disease, estimation of: the brief exposure case, leukemia (Cobb et al.), 385
Industrial experience with chronic effects of ionizing radiation (Tabershaw), 134
noise and hearing loss (Fox and Glorig), 143
Infections, fungus, systemic, current status of amphotericin B in treatment of (Newcomer et al.), 353
Infectious diseases, 353
Institutional care of patients with long-term illnesses: survey of 230 medical patients in Baltimore City Chronic Disease Hospital (Carroll and McKay), 671
Introduction to symposium on congestive heart failure (Fishman), 417
psychiatric disorders (Kolb), 185
Ionizing radiation, chronic effects of: industrial experience (Tabershaw), 134
Irritable colon, drug therapy of (Lichstein and Mayer), 394

K

Kidney, role in homeostatic adjustments of congestive heart failure (Barger et al.), 571

L

Lead and mercury poisoning, chronic: contemporary views on ancient occupational diseases (Brieger and Rieders), 177
Leukemia, brief exposure to: estimation of incubation period in malignant disease (Cobb et al.), 385
Limitations, values and, of periodic health examinations (Roberts), 95
Lipoidoses; diseases of intracellular lipid metabolism (B. rev.), 697
Long-term illnesses, some changes in sleeping and eating patterns of fifty patients with (Goodrich and Schwartz), 63
Lung capacity, total, and its subdivisions in respiratory poliomyelitis (Vallbona and Spencer), 617
congested (Turino and Fishman), 510

M

Malignant disease, estimation of incubation period in: the brief exposure case, leukemia (Cobb et al.), 385
Malnutrition and potassium deficiency, heart in (Keefer), 583
Medical care, readings in (B. rev.), 411
practice, dimensions of being "modern" in (Menzel et al.), 20
sociology, 1
Medicine, occupational, symposium, 85-184
principles and practice of (B. rev.), 415
Men, molds, and history (B. rev.), 413
Mental disorders, prevention of (Gruenberg), 187
Mercury and lead poisoning, chronic: contemporary views on ancient occupational diseases (Brieger and Rieders), 177
Metabolism, myocardial, in congestive heart failure (Olson), 442
water and electrolyte, in relation to age and sex (B. rev.), 410
"Modern," dimensions of being, in medical practice (Menzel et al.), 20
Modern pharmacologic agents in psychiatric disorders, use of (Malitz), 278

VOL
9
195

Multidisciplinary studies of illness in aged persons: II. New classification of functional status in activities of daily living (Staff of the Benjamin Rose Hospital), 55
Multiple sclerosis, adjustment to disability of patients with (Chodoff), 653
Myasthenia gravis (B. rev.), 411
Myocardial disease, pathology of (Kuschner and Lobdell), 424
metabolism in congestive heart failure (Olson), 442

N

Nervous system, autonomous, in genesis of pulmonary hypertension in heart disease, role of (Halmagyi), 525
Neurological basis of behaviour (B. rev.), 693
New drug, social processes in physicians' adoption of (Coleman et al.), 1
Noise, industrial, and hearing loss (Fox and Glorig), 143
Nutrition, history of (B. rev.), 412

O

Occupational diseases, ancient, contemporary views on: chronic lead and mercury poisoning (Brieger and Rieders), 177
medicine, emotional disorders in (Udel), 170
historical sketch (Goldwater), 85
symposium, 85-184

P

Paresis, general, survival rate of patients hospitalized with diagnosis of (Ehrentheil and Muench), 41
Partial cure, challenge of (Kubie), 292
Pathology of congestive heart failure (Kuschner and Lobdell), 424
Pathophysiology in surgery (B. rev.), 694
Periodic health examinations, values and limitations of (Roberts), 95
Pharmacodynamics, experimental (B. rev.), 696
Pharmacologic agents, modern, in psychiatric disorders, use of (Malitz), 278
Physicians' adoption of a new drug, social processes in (Coleman et al.), 1
Physiologic bases for treatment of pulmonary edema (Aviado and Schmidt), 495
Placebo effect, social milieu, and evaluation of psychiatric therapies (Edit.), 327
Pneumoconiosis (Kleinfeld and Giel), 117
Poisoning, beryllium (Hardy and Stoeckle), 152
Poisons, economic, in relation to man's health (Gosselin), 161
Poliomyelitis, respiratory, total lung capacity and its subdivisions in (Vallbona and Spencer), 617
Potassium deficiency, malnutrition and, heart in (Keefer), 583
Prevention of mental disorders (Gruenberg), 187
Psychiatric diagnosis and treatment of depression, brain damage, and chronic illness of the aged (Goldfarb), 220
disorders, symposium, 185-326
introduction (Kolb), 185
use of modern pharmacologic agents in (Malitz), 278
therapies, placebo effect, social milieu, and evaluation of (Edit.), 327
Psychoneuroses and their management in general practice (Aldrich), 212
Psychopharmacology (B. rev.), 81
Psychosomatic concept, use and abuse (Meyer), 298
Pulmonary congestion (Turino and Fishman), 510
edema, physiologic bases for treatment of (Aviado and Schmidt), 495
hypertension in heart disease, role of autonomous nervous system in genesis of (Halmagyi), 525
tuberculosis, surgical treatment of, recent advances in and results of (Shaw), 375

R

Radiation, ionizing, chronic effects of: industrial experience (Tabershaw), 134
Recent advances in cerebral palsy (B. rev.), 696
Rehabilitation, 55
creative use of sheltered workshops in (B. rev.), 410
medicine (B. rev.), 80
Respiratory, 617
poliomyelitis, total lung capacity and its subdivisions in (Vallbona and Spencer), 617
Rheumatic fever, studies on occurrence of bacteremia in (Marienfeld et al.), 334
Rheumatism, 334

S

Schizophrenia (B. rev.), 694
ambulatory (Hollender), 249
Sheltered workshops in rehabilitation, creative use of (B. rev.), 410
Sleeping and eating patterns of fifty patients with long-term illnesses, some changes in (Goodrich and Schwartz), 63
Social milieu, placebo effect, and evaluation of psychiatric therapies (Edit.), 327
processes in physicians' adoption of a new drug (Coleman et al.), 1
Sociology, medical, 1
Sodium excretion in congestive heart failure, endocrine factors influencing, (Wolff), 554
and water retention in chronic congestive heart failure (Strauss and Papper), 536
Spinal cord, human, effect of advancing age upon (Morrison), 695

Statistical associations between international coronary heart disease death rates and certain environmental factors (Jolliffe and Archer), 636
Surgery, pathophysiology in (B. rev.), 694
Surgical treatment of pulmonary tuberculosis, recent advances in and results of (Shaw), 375
Survey of 230 medical patients in Baltimore City Chronic Disease Hospital (Carroll and McKay), 671
Survival rate of patients hospitalized with diagnosis of general paresis (Ehrentheil and Muench), 41
Symposia:
Congestive heart failure, 417-616 (May)
Occupational medicine, 85-184 (February)
Psychiatric disorders, 185-326 (March)
Syphilis, 41
Systemic venous system in cardiac failure (Guyton), 465

T

Therapeutics, 394
Tracemetals (Edit.), 74
Treatment of pulmonary edema, physiologic bases for (Aviado and Schmidt), 495
Tuberculosis: prevention and control (B. rev.), 416
pulmonary, surgical treatment of, recent advances in and results of (Shaw), 375
urban reservoirs of (Edit.), 688

U

Unstable bowel (irritable colon), drug therapy of (Lichstein and Mayer), 394
Urban reservoirs of tuberculosis (Edit.), 688

V

Values and limitations of periodic health examinations (Roberts), 95
Venous system, systemic, in cardiac failure (Guyton), 465
Ventricular failure, left, hemodynamics in (Donald), 483
right, hemodynamics in (Donald), 477

W

Water and electrolyte metabolism in relation to age and sex (B. rev.), 410
excretion in congestive heart failure, endocrine factors influencing (Wolff), 564
and sodium retention in chronic congestive heart failure (Strauss and Papper), 536
